

Make your own pop up Fulham Palace clock tower!

Looking to get creative? Why not make your own 3D pop-up card of Fulham Palace's iconic clock tower?

You will need:

2 x sheets of A4 card

Glue

Scissors

Colouring pencils

1. Take one piece of card and fold it in half

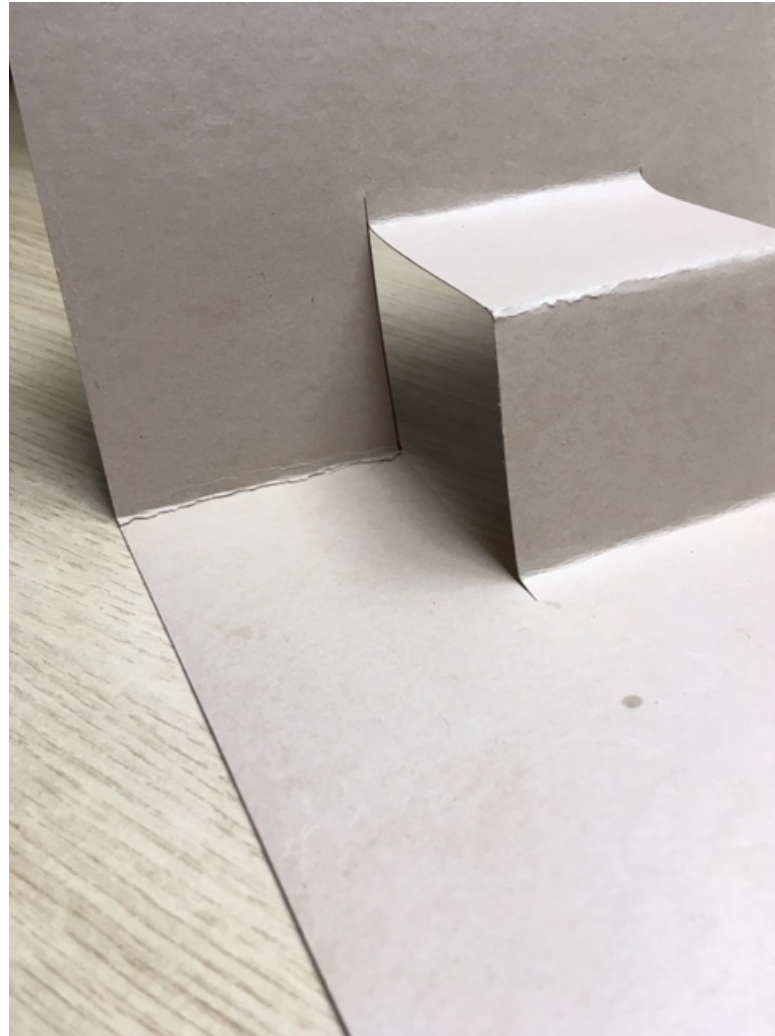

2. Along the folded edge, mark two lines 8cm apart in the centre of the card

3. Cut along each line using scissors and then unfold the card

4. Fold the card in the opposite direction and pull out the centre section so it is at a right angle to the card.

5. Cut out the building features in the attached template and decorate your clock tower. Top tip: Get creative and create your own brickwork, you could use our Tudor brickwork, draw them in yourself or try block printing!

Don't forget to share your own clock tower creations on social media by using the hashtag **#FPclocktowercreation**
